

**Appendix K5: FY 2013 Total Appeal Decisions by Claim Type – All Levels**

Claim Type	Total Appeal Decisions	Total Overturn Decisions <sup>19</sup>		% of Overpayment Determinations Overturned on Appeal
		#	%	
Part A	720,416	81,533	11.3%	10.0%
Part B/DME	116,433	70,112	60.2%	8.5%
Total	836,849	151,645	18.1%	9.3%

Note: The statistics above include first, second, third, and fourth level appeal decisions in FY 2013. Appealed claims may be counted multiple times if the claim had multiple appeal decisions rendered during FY 2013. For example, if a claim was appealed to the first level and received a decision in FY 2013, then appealed to the second level and received a decision in FY 2013, both decisions would be counted in the totals above. Claims may have overpayment determination dates prior to FY 2013.
